Internship Experience

Web Developer Intern — Mind IT Services, Miraj

Jun 2023 – Jul 2023

- Developed web applications using VB.NET and Oracle Database
- Implemented validations, forms, and CRUD operations

Java Developer Intern — One Star Software Solutions, Sangli

May 2025 – Jul 2025

- Built backend modules using Advanced Java and MySQL
- Worked on database-driven application logic

Projects

Complaint Registration Web Portal – SIT, Ichalkaranji

PHP, MySQL, HTML, CSS, JavaScript GitHub

- Full-stack complaint registration system with real-time status tracking
- Secure admin dashboard for complaint categorization and resolution
- MySQL database integration for complaints and user data
- Improved transparency and response time between students and administration

Edu-Tech and ERP System

PHP, MySQL, HTML, CSS, JavaScript

- Centralized ERP integrating academic and administrative operations
- Reduced data redundancy and dependency on manual records

Home Interior Design Website

PHP, HTML, CSS, JavaScript, Bootstrap

- Built a responsive web platform to discover and compare interior designers in one place
- Designed user-friendly UI using Bootstrap and dynamic components using JavaScript
- Structured backend logic to manage service listings and contact information

Certifications and Achievements

- Introduction to WordPress — Simplilearn
- MERN Stack — Udemy (Ongoing)
- Smart India Hackathon 2025 — Round 2
- Blind Coding Competition — Runner-up
